## What is **love** does?

**love does** was created as a response to the congregation's desire for more service opportunities throughout the year. The new program will kick-off on **Feb. 24, 2019**, with a collective day of service impacting the broader community followed by more service opportunities throughout the rest of the year.

## Why serve at **love** does?

One of the most important things that we can do as Christians is to demonstrate God's love for the world, and our community. **love does affirms that our faith is active**, and that we can accomplish great things together. It matters that we are out in our communities doing things that make an impact, to remind others that we love them.
